## Firestone FAST FACT

Nearby Akron, Ohio has been central to Firestone's racing legacy for more than a century, and that heritage will continue through a new, state-of-the-art race tire manufacturing facility set to open by the end of 2020. In Akron, a team of more than 50 engineers, expert tire builders and manufacturing professionals are responsible for designing and producing all Firestone Firehawk race tires used by the NTT INDYCAR SERIES. This team has worked closely with INDYCAR throughout the evolving season to provide tires wherever and whenever racing was scheduled, including nearly 1,900 tires for this doubleheader weekend at Mid-Ohio.
