

2024 INDY 500 QUALIFICATIONS

SATURDAY, MAY 18 11:00 AM - 6:00 PM ET

QUALIFICATIONS 11:00 AM - 5:50 PM ET

FULL-FIELD QUALIFYING

Positions 1-30 qualify with positions 13-30 (or 13-33*) set. **Will not re-qualify on Sunday.**

NTT INDYCAR SERIES drivers and teams will attempt to qualify during Day One, Saturday, May 18. Top 12 qualifying (final order of positions 7-12), Firestone Fast Six (final order of positions 1-6) and Last Chance Qualifying (positions 31-33) will be determined during Day Two, Sunday, May 19.

Once every car in the qualifying order for Saturday has been presented at least one chance to qualify, teams may choose from two lanes for second and subsequent attempts. Cars in the priority lane (Lane 1) must withdraw their qualified time – if the car has one – but get priority access to the track ahead of Lane 2. Lane 2 is for cars that have already qualified but wish to improve their position.

For an entry list of more than 33, once cars are outside of the Top 30, they are considered to not have a qualification speed as only the top 30 positions will be locked in during Day One.
